Get Your Glow On With These Haute Beauty Must-Haves

BY NASRINE ABUSHAKRA | BEAUTY, HAUTE BEAUTY | JULY 19, 2016

White Lucent

SHISEIDO

Summer heat have you dreaming of glowing, hydrated and flawless skin?

Look no further than these amazing beauty must-have's to quickly restore resilient skin for the long-term.

Shiseido Glow Revival Line & White Lucent Offer Cutting-Edge Care

Restore your inner glow with Shiseido's cutting edge Bio-Performance Glow Revival line. After 10 years of research, Shiseido discovered that the intricate network of tiny capillaries below your skin's surface is key to improving the appearance of unevenness, dullness, wrinkles and loss of resilience. When the skin's capillary functions and regeneration cycle are poor, various skin problems arise, often because nutrients are not being delivered evenly to all layers of the skin.

Bio-Performance Glow Revival quickly resolves multiple skin concerns that detract from your overall look, for perfect, fully glowing skin that adds energy to every facial expression.

Based on Shiseido's brand promise "Shiseido brings out the beauty within", White Lucent is evolving into a skincare line for even tone. The evolved theme of the line is double strike whitening, a hybrid whitening solution of whitening cosmetic procedures and whitening skincare products, to accommodate current whitening skincare users, many of who are incorporating whitening cosmetic procedures into their regular skincare regimens.

The visible effects of whitening cosmetic procedures such as laser treatments and IPL (Intensive Pulsed Light) are immediate when combined with these Shiseido products.

Elemis

Leading the way for over 20 years, Elemis partners with over 1,500 elite salons, spas, cruise ships and department stores worldwide to treat over 6.5 million clients each year with clientele clamoring back to the brand to maintain their glowing and revitalized skin.

The successful combination of powerful natural ingredients, cutting-edge formulation technology and proven clinical trials has enabled Elemis to bring to market some of the most influential anti-aging home-care products and professional spa-therapies the beauty industry has ever seen.

Nabila K

When creating a face that's glowing with beauty, don't forget about your lips. Nabila K offers a plethora of savory flavored lip polishes and balms to keep your lips looking ageless, no matter the heat.

Their lip polish selection offers a tasty method to gently exfoliate and moisturize your lips leaving them soft, supple and kissable. Their natural sugar polishes are blended with the finest ingredients and to smooth away those flakes from your lips naturally.

Perfect for gift giving or personal use, they are available in a variety of delicious flavors and made to easily fit right in your pocket or purse.

Eisenberg Sensitive Line Offers Perfect Hydration to Sensitive Skin

Eisenberg has taken up a new challenge, offering innovative and specific solutions to comfort, protect and soothe sensitive skin all year round through three products that offer perfect hydration and comfort to sensitive skin. The new skincare line is available exclusively at Paris Gallery.

At the heart of the Eisenberg Sensitive Line is the Raspberry Leaf Stem Cell Extract. This water-soluble patented extract, issued from raspberry leaf stem cell cultures, benefits from excellent anti-oxidizing, anti-inflammatory and DNA protecting properties. Raspberry cells are particularly rich in anthocyanins, which offer a calming action, but also in small active molecules with anti-radical properties, as well as in proteins that have an enzymatic power capable of neutralizing harmful oxidizing pollutants.

Rounding up the new line is also their Melt-in Repairing Mask, Comforting Calming Serum, and Soothing Repairing Cream.
